Easy to Join; Easy to use

The Select Dental Healthy Kids Plan

contains two unique managed care dental plans for you to choose from:

- **The Value Plan** is designed for the family that primarily seeks preventive care coverage along with a very affordable premium.

Both plans make getting dental coverage easy and offer comprehensive coverage levels that meet or exceed all ACA (Affordable Care Act) regulations. The Select Dental Program meets these requirements by offering children Unlimited Annual Maximums and Annual Co-Pay limits for both the Value and Max plans.
